

Our family listens to Klove exclusively. Our children are accustomed to this music and we believe that there is enough negative in our nation that it is refreshing to have a positive available to radio listeners. I feel raising 8 teenagers and having them all sex, drug, alcohol and violence free speaks volumes for what is important and that is a foundation in our families today. We believe christian radio is a necessary part of keeping our children whole. PLEASE DO NOT DEMOTE KLOVE! They provide the best entertainment for families!
